## Redistricting of Congressional Districts

May 16, 2022

Congressional districts in the attorney registration system are assigned in accordance with the current bill [Substitute for SB355](#) which was signed into law on February 10, 2022. If you reside in a county with multiple congressional districts, the attorney registration system will prompt you to enter your designated congressional district, which should be in accordance with the new redistricting law.

If the current law is repealed or new redistricting maps are approved, the system will be updated as much as possible, and we may request clarification of the correct congressional district from those attorneys who reside in a county with multiple congressional districts and are affected by any changes.
