Firm, Office or Multiple Attorney Payments

Attorneys can register online and at the end, choose the option to have their firm or office pay. Office personnel will then be able to access the portal and pay for multiple attorneys with one credit card payment – as long as each attorney has submitted their online registration.

Here are the instructions for office personnel:

1. Click on the Multiple Attorney Payment tab on the main page of the portal – you do not need to create an account or log in.

4. If you have a large number of attorneys to pay for, you can upload a spreadsheet. The spreadsheet must consist of **1** column with **1** registration number in each row. No other information should be on the spreadsheet. It must also be saved in a .csv format. The maximum number of attorneys allowed is 99. If you have more than that, you will need to do additional payments.

Firm Payment Upload File

In the field below please specify a file that contains the attorneys you are going to pay for.

Our payment processor will only accept 99 payments at one time. If the list supplied is larger than 99, please separate it into smaller lists. We apologize for the inconvenience.

Only .csv files are accepted. Your file should contain 1 column that has one Registration Number per row.

No file chosen

- After you have input the numbers, or uploaded the spreadsheet, if the attorney has not completed their registration online, then the message “Invalid Attorneys” will display. You will not be able to pay for that attorney until they submit their online registration.
