The change **will not be effective until July 1**, and you will still be required to complete the annual CLE requirement for the current year by June 30 if you are currently on active status. Status changes submitted online when registering must be **completed** by June 30. If you complete your annual registration online after June 30, you will have to pay the registration fee and late fee based on your status as of July 1.

Voluntarily Surrender License

To request to voluntarily surrender your license and be removed from the roll of attorneys in Kansas, contact the Attorney Registration office for instructions and forms to complete. Be sure to include your bar number in your request. registration@kscourts.org

You must be in good standing to request to surrender your license which means that your request must be received by June 30 (prior to the start of the next licensing period) in order to avoid payment of the registration fee for the next licensing period. If the request is not received by June 30, you are still required to pay the fees for the next licensing period in order to remain in good standing. Then you can request to surrender your license and will be relieved of paying any future registration fees.

Please be aware that by choosing to surrender your license, if you should seek reinstatement to the Kansas Bar under Rule 230(c)(2), you would be subject to any conditions imposed by the Kansas Supreme Court for reinstatement, including but not limited to payment of the active attorney registration fee for each year since the voluntary surrender, payment of the current continuing legal education fee, and completion of the continuing legal education hours for each year since the voluntary surrender.
